

What Is National Socialism?

National Socialism is a philosophy (or *worldview*) for White people that is based on three principles:

(1) *Natural Order*—We believe that the universe is governed by natural laws. In order for Man to be happy and successful, he must first learn what these laws are and then follow them. We believe that Man is a part of the natural world and that he is in no way separate or distinct from it. Because of this, we believe that society should be structured in accordance with the laws of Nature, and not in opposition to them as is the case today.

Under National Socialism, every aspect of society will be in accord with the Natural Order: the way we structure the government, the way we raise our children, the way we plan our cities, the way we grow our food--EVERYTHING. Indeed, in this context, National Socialism is the original "green movement!"

(2) *Racial Idealism*—Racial Idealism is based on the love of one's own people. It means placing the interests and welfare of the racial community to which you belong ahead of your own personal interests and desires. As racial idealists, we have no wish to harm, persecute or exploit other racial groups. We are only interested in protecting our own people.

We believe that all men are NOT created equal. Just as every individual has his own strengths and weaknesses, so each race has certain qualities that make it different from other races. We believe that the White (or *Aryan*) race has the right to maintain its biological, cultural and political independence, and that it has the right to control its own destiny. We also believe that the White race has the right to defend itself against all attacks—no matter where they come from.

(3) *The Upward Development of the White Race*—We want to do more than just defend our Race: we want to see it improve. This can be done by encouraging a high birthrate among those sections of the White population which are the healthiest, strongest and most intelligent. At the same time, science should work to eliminate hereditary weaknesses and defects among our people. Our goal is that each new generation of White children will be better than the one before it.

In 1959, Naval Commander George Lincoln Rockwell founded the modern-day National Socialist movement in the United States. Today it is represented by the NEW ORDER. For more information on National Socialism and the NEW ORDER, write to the postal address below, or visit our website.
